

VF FLOOD SERIES

VF Flood Series

Get Flooded with Energy savings – **up to 85% savings** compared to HID

Ultra slim and versatile with five different sizes to choose from, VF flood provides application adaptability for pole mount, wall, or ground installations. Ideal for wall washing/grazing, signage, area lighting, landscape lighting, canopy lighting, and general floodlighting applications.

The VF Flood Series' sleek low-profile designs allow it to discreetly enhance and blend into site surroundings while providing industry leading features and performance. The clear choice for budget friendly flood lights that meet our demanding quality standards and yours.

Key Features:

- CCT Selectable in 3000K, 4000K, & 5000K (Up to 14L Lumen Package)
- 4-step Field Selectable lumen output allows every unit to dim down to 70% the initial lumen output
- Integrated 120-277V Photocell with cutoff switch
- 6kV Surge Protection (VFC 2.5kV)
- Wide range of lumen packages from 2,000 to 40,000 lms
- Up to 159 LM/W for exceptional energy savings
- Wide NEMA 7H6V and Medium NEMA 5H4V Distributions
- High ambient temp range from -40°to +50°C

receptacle

CCT, Lumen, & Photocell
Quick Access Switches
Integrated Photocell

Mounting Options:

KNK
Knuckle
VFC (Std), VFS (Std)

TRN
Trunnion
VFC, VFS, VFM (Std), VFL (Std), VFX (Std)

PMB
Adjustable Pole Mount
VFM, VFL, VFX

SLPF
2-3/8" Adjustable Slip Fitter
VFM, VFL, VFX

VFL
20,000-30,000
Lumens

VFX
40,000
Lumens
