# VAT

The VAT by ILP is a feature rich quick ship Volumetric Troffer at an affordable price. Field Selectable or Factory Set Lumen and CCT features provide flexibility when needed most. Pair the fixture with one of the various controls options for maximum energy savings and high end grouping features all while still maintaining the CCT selectable function for complete field optimization. These features combined with various sizes, mounting options, energy saving high efficiency and extremely long lifetime make the VAT the ideal solution for any troffer application.

## Suitable Applications

- Education
- Healthcare
- Commercial Office
- Storage Facility
- Grocery Store
- Retail

## Features

1x4, 2x2, 2x4 Sizes

High Efficacy—Up to 148 lm/W

Calculated L70 > 100,000hrs

High Transmission PMMA  
Frosted Polycarbonate Lens

Matte White Post Paint Finish for  
Uniform Indirect Illumination

Field Selectable or Factory Set Lumen Output  
2,500-7,500 Lumen Range

Field Selectable or Factory Set CCT  
3000K-3500K-4000K

- Driver Attributes
- 120-277V Universal Voltage
  - 0-10V Dimmable (100%-10%)

Wireless Connected Controls Options  
Maintain CCT Selectable Feature

Recessed, Flange &  
Surface Mount Options

## Wireless Controls Options

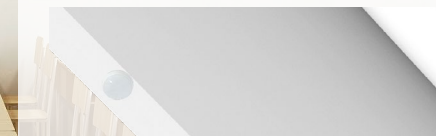

- Economical Grouping Solution
- Occupancy & Daylight Functions
- Programmable with phone app
- Wireless Scalable Design
- No Gateway Required
